

# I Belong 2018

## Ready Set Design

RMIT's *I Belong* programs give students from our Schools Network Access Program (SNAP) partner schools the chance to explore our campuses and discover what life as a university student is all about.

We invite Year 11 and 12 students who are interested in a career in design to visit RMIT's City campus and discover tools and strategies to support your preparation and transition to tertiary education.

### What is Ready Set Design?

Now in its seventh year, *Ready Set Design* is a series of three workshops for VCE students where you can learn about careers and tertiary programs in design, develop your folio, and practice your interview and presentation skills.

Workshops are held during the April, July and September school holidays. We recommend that you attend all three sessions to get the most out *Ready Set Design*.

#### Workshop #1: Design Bytes (April)

*Learn about different areas of design, and the careers and study options that are available to you.*

#### Workshop #2: Folio Bytes (July)

*A hands-on workshop exploring folio development in different areas of design. Workshops will focus on specific areas of design, and you can choose the one that best suits your interests.*

#### Workshop #3: Interview Bytes (September)

*Discover what to expect in a design interview, and practice your folio presentation skills.*

All workshops are held at RMIT's City campus.

RMIT design students have the chance to sell their work at the annual Design Market in Melbourne Central Shopping Central.

### How to register

- visit <https://rmit.snapevents.eventbrite.com.au>
- select the event/s you wish to register for
- click 'register' and provide your details.

You will receive an email confirmation immediately after registering.

**Registrations will open several weeks before each workshop. If you register for one Ready Set Design workshop, you will be notified when registrations open for each following workshop.**
