

Mathematics Workshop for Term 1 - 2018

Workshop Title	Day, Time & Venue	Target Group	Teacher In-Charge	Description
OLNA preparation How to apply Mathematics in Real Life scenarios	Tuesday 3.30pm - 4.30pm Wk.1.2-Wk.1.6 Room: P3	Year 11/Year 12 (By invitation only)	MIRC	This workshop is available to students who have to re-sit the OLNA. Active teaching and learning takes place incorporating basic concepts necessary to achieve a Category 3 in the OLNA test.
Problem Solving (Preparation classes for APSMO-Australian Problem Solving Mathematical Olympiad)	Tuesday 3.30pm - 4.30pm Wk.1.5-Wk.1.11 Room: P6	Year 7 Year 8 (By teacher invitation only)	OGRC/TEOS alternate	The Australian Problem Solving Mathematical Olympiad has been organized since 1987. Over 40,00 students from both national and international schools participate. The aim is to develop important mathematical problem solving skills in an enjoyable environment. Students practice and enter competitions through mid Term 1, 2 and 3.
To critically think and analyse top end NAPLAN style of questions	Tuesdays 3.30pm - 4.30pm Wk.1.4 -Wk. 1.11 Room: P1	Year 9 MAX	CARL Academic Excellence	Students will get the opportunity to familiarize and analyse higher end NAPLAN style of questions that helps them to enhance their results.
Advanced Algebra	Wednesdays 7.40am - 8.35am Wk.1.2-Wk.1.11 Room: P3	Year 11/Year 12 MAM/MAS	MIRC	This workshop is open to all Year 11/Year 12 students doing Mathematics Methods/Specialist. Active teaching and learning takes place. Mathematics is a sequential subject, and any gaps in the learning areas have to be addressed immediately for students to reach their full potential.

Mrs Colette Miranda - Head of Learning Area (Mathematics)
