

What you need to do now

Transitioning to the new Child Care Subsidy is not an automatic roll over from the two current payments.

You must provide some new information and confirm your current details using your Centrelink online account through **myGov**.

You will be asked to provide:

- your combined family income estimate for the 2018–19 financial year
- the hours of recognised activity including work, training, study and volunteering
- the type of child care your family uses.

For more information on this process, visit education.gov.au/childcare

Child Care Safety Net

The Package includes a \$1.2 billion Safety Net to give the most vulnerable and disadvantaged children, as well as those from regional and remote communities, a strong start through access to quality early learning and child care.

Additional Child Care Subsidy

Included in the Child Care Safety Net is an Additional Child Care Subsidy. It will, in most cases, cover all of a child's fees. It is designed to support:

- families who require practical help to support their children's safety and wellbeing
- grandparents who are primary carers
- families experiencing temporary financial hardship
- families transitioning from income support to work.

The Additional Child Care Subsidy replaces a number of existing payments including the Special Child Care Benefit and the Jobs, Education and Training Child Care Fee Assistance.
