

PARENT'S ASSOCIATION FUNDRAISER

Are you or someone you know a fan of all the cooking shows on TV or maybe you just like to cook and maybe even grow your own food. Take a look at our new and exciting fundraiser to start the year – MUSHROOMS and MICROGREENS and get your friends and family involved.

LIFE CYKEL FUNDRAISING

At Life Cykel, we promote sustainable and healthy living and aim to educate people about the many benefits that come with growing delicious food right at home. The growing process is super simple, which means everyone in the family can get on board. We encourage environmentally friendly practices in all aspects of life, and our Life Cykel Mushroom and Microgreen boxes are prepared from coffee waste so you can simply grow food from waste. We want to help create a food future that is unprocessed, grown locally, sustainable, and can connect people to nature. **We'd love for you to join us.**

LIFE CYKEL MUSHROOM BOX

*Just open the box, mist with water,
and harvest 10 days later.*

LIFE CYKEL MICROGREENS BOX

Simply grow in 3-5 days

ORDER FORM

Thank you for contributing to raising funds for Wantirna College by purchasing a Life Cykel Mushroom or Microgreen Box. These boxes teach principles of recycling, growing and cooking healthy food and the funds raised will go towards providing programs and equipment to enhance the opportunities of students.
