

Facebook Code of Conduct

Our Facebook Page Intent

Our intent is to grow our school & communities understanding of social media and to make connecting with our school more convenient. We wish our content to be more accessible and to also tap into the knowledge and support base of our parent community. Our school's Facebook page allows our community to keep up to date with activities through a medium preferred by many. But overwhelmingly, our Facebook page is a place where we build our community by building school spirit. We ask that our community accentuate the positives and bring to everyone's attention the little things that make our school community great.
