how fantastic that you remembered the 3R's our guide told us.

On the 30th of october rm 7, 8, and 9 had an excursion to the shrine of remembrance. First after we got off the bus we had recess before going to the education center to do our first guide. He told us a bit about WW1 and then we went to the father and son room. The guide told us about the flags hanging from the roof, then we had lunch. Then the guide took us to the most sacred place in the Shrine where there was a stone with words engraved in it "greater love hath no man" and on remembrance day on the two minutes of silence through a hole in the roof light would shine on "love

Then we had "the home front" tour. First we went into a small room and the guide answered some questions about WW2 before we tried on some army outfits I was the nurse, that outfit was the comfiest outfit, Sophie was also the nurse. When everyone had a turn they passed around a soldier hat I tried it on it was so stiff! When Ruby tried to take it off me it stuck to my head! Then the guide gave both teachers a picture and split us in half my groun was looking for headlight covers after we found it the teachers swapped pictures and we looked for a blouse that was sent from a father

to daughter. Then we went back to the father and son room and the teachers read some letters to us before we went to meet with the other groups and got back on the bus. It was fantastic I learnt more than I could in a year. ✓ 1/11/17.
