

Year 12

Year 12 students who are planning to study in 2018, need to register and apply for courses on VTAC. **All students** need to attend an interview with a careers practitioner to discuss their plans for 2018.

Remember all year 12 students applying for VTAC, are asked to apply for Category 1 in SEAS. Students can apply for as many categories as they are eligible for. Please drop into the careers office if you would like to chat about SEAS or Scholarships.

As explained in Common periods, a scholarship application can be lodged on the VTAC website, which is one application that will make applicants eligible for a range of institutions. Students are also advised to explore specific tertiary websites for other scholarships.

VTAC Dates

VTAC applications must be submitted and paid for by the **28 September**. **We asking RSC students to have their applications in by the 8 September.**

SEAS applications must be submitted by the **10 October**

Scholarships submitted by the **13 October**

Other information

Understanding adolescents

Do you want to learn more about adolescent issues? The School of Psychology is hosting a series of webinars intended for school teachers and parents.

Upcoming and final webinar: Career planning panel - 13 September

For more information, please register beforehand [here](#) and we'll send you details on how to join us online.

Enhancement studies for YEAR 11 students (Year 12 in 2018).

Most of the institutions are offering enhancement studies for high achieving Year 11 students. Rewarding students with an ATAR contribution, the program allows you to complete university studies alongside your final year of high-school. **Interested students should explore the various websites.**

REACH

Diverge is a career discovery and exploration program for Year 10 students. Supported by SEEK, the Reach Foundation has partnered with Roadtrip Nation to deliver an exciting new program for Year 10 students. Diverge is a two-day workshop designed to help young people identify their passions, engage with leading Australian employers and mentors, and plan for the life of their dreams.

Combining Roadtrip Nation's interactive career exploration program with Reach's high-impact workshops, Diverge allows students to explore their interests and discover their potential by talking directly to professional leaders in their communities.

Program Details: Workshop 1: Tuesday 17th October, 9:30am – 3:00pm

Interview Project: in between the workshops, students will work on a project to interview a leader working in their field of interest.

Workshop 2: Thursday 2nd November, 9:30am – 3:00pm

Cost: \$99 (limited scholarships available – please enquire)

Enrolments close: Thursday 21st September

Limited places are available for Year 10 students, so book now!

For more information or to make a booking, please contact Mattie Young on 03 9412 0925 or mattie.young@reach.org.au

DEAKIN University

Deakin [Step on Campus](#) is running again in Term 3 school holiday and your students are invited to attend. Students will be taken on a 45-minute tour of their chosen campus by a current Deakin student.

Students can find out more about university life, study areas and what it's really like to be a student at Deakin!

**VICTORIA
UNIVERSITY**

SCHOOL OF
THOUGHT**

Studying Osteopathy at VU

Osteopaths diagnose, treat and provide preventative advice about disorders that affect the body's musculoskeletal system, using manual techniques to

alleviate stresses and dysfunction to improve the body's function ([Good Universities Guide - Osteopath](#))

VU offers one of only three of these accredited double degree programs in Australia. Core studies include anatomy, osteopathic science, physiology and biochemistry. Students undertake fieldwork and clinical practice to prepare them for their osteopathy career.

Students considering a career in osteopathy need to complete the **Bachelor of Science (Osteopathy)** first; this is a 3-year course and provides an entry into an osteopathy career. Completion of the Bachelor of Science (Osteopathy) course alone does not make graduates eligible for registration as Osteopaths. Students must also complete the Masters of Health Science (Osteopathy) in order to be eligible to register as an Osteopath. So, the double degree program is:

- ❖ [Bachelor of Science \(Osteopathy\)](#) - 3 years
- ❖ [Masters of Health Science \(Osteopathy\)](#) – 1,5 years

On completion of both programs, students will be eligible for:

- registration with the **Osteopaths Registration Board of Victoria**
- registration as an Osteopath in all other Australian states
- membership with the **Australian Osteopathic Association**

For further information about registration requirements, visit the [Australian Health Practitioner Regulation Agency](#) website.

VU has a an [Osteopathy Teaching Clinic](#) which operates 47 weeks per year, and students are required to attend clinical sessions on a rotation basis including outside of semester hours to maintain a public service and provide continuity of patient care. Clinical training, including fieldwork, is crucial in the preparation to becoming an Osteopath.

Students considering studying to become an Osteopath, might like to consider attending the upcoming ***Osteopathy Course Information Evening*** hosted by Victoria University. Attendees will have the opportunity to learn about how osteopathy is taught at VU, and participate in a tour of the facilities at the City Campus used by osteopathy students. There will also be an opportunity to ask questions and discuss the course with Osteopathy staff and students.

Date: Thursday 7 September 2017
Time: 7.00pm – 8.30pm
Venue: Victoria University Flinders Lane Campus, Room 5.11, Level 5
301 Flinders Lane in Melbourne

Find out more at [Osteopathy Course Information Evening](#) or about studying osteopathy at Victoria University, visit [Osteopathy at Vic Uni](#)

Information Session at CQU

Do you have questions about starting uni? Come along to CQUniversity Melbourne and get the answers you need. Enjoy study area presentations and chat to expert staff and current students about the course you're interested in.

Date: Thursday 7 September 2017
Time: 5.00pm – 8.00pm
Venue: 130 Spencer Street, Melbourne

Register at [CQU Information Session](#)

Careers and Creativity Day at Monash

Students considering studying *art, design, or architecture*, but are not quite sure, are encouraged to attend the upcoming **Monash Art, Design and Architecture (MADA) Careers and Creativity Day** as an opportunity to find out more about the courses available, and the varied careers to which they can lead.

The day will begin with a panel discussion between a variety of MADA's lecturers and alumni – all practicing artists, designers, and architects – about where their own career paths have taken them and the job prospects they have encountered along the way.

In the afternoon, students will have the opportunity to take part in one of six hands-on workshops, focusing on their particular area of interest. For students interested in fine art, this workshop will include an insider's guide to the application process covering topics such as what to include in a folio and what happens in the application interview.

Date: Saturday 16 September 2017
Time: 10.00am – 5.00pm
Venue: Monash Art Design & Architecture, 900 Dandenong Road in Caulfield East

Registrations are open, and close on 11 September 2017. Find out more, and register at [MADA Careers and Creativity Day](#).

Bachelor of Design (Architecture)

Commencing in 2018, Swinburne University will be introducing the 3-year **Bachelor of Design (Architecture)**. Students will *tackle digital technology, environmental awareness, construction, practice, ethics, history, and theory, as they visualise the innovative environments of tomorrow.*

The VCE requirements are Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL.

Selection into this course will include the submission of an Online Digital Portfolio any time after 31 August 2017 at <https://architectureswin.slideroom.com/#/Login>. Applicants will need to submit up to eight pages, and respond to four design related questions, as it is understood that students enter architecture with many different skills and experiences.

Find out more at [Bachelor of Design \(Architecture\)](#)
