

28 March 2017

Dear Parents & Students

The Infant Jesus School Fun Run has become an annual event supporting people in need. The Fun run has typically been an event focussing on global events of natural disaster.

This year our school has committed to supporting the parish in the development of finances for the purchase and upgrading of a new sound system. The close partnership between the parish and the school is highlighted by the words of Pope Francis. Pope Francis explains that the relationship between the family and the Church is so important. He said that the connection between the two is natural, because the Church is a "spiritual family" and the family is a small church. He added that "families and parishes are the two places where we encounter, in every age, that communion of love which has its ultimate source in God."

The 'Parish Fun Run,' will be held on Friday 7 April at various times throughout the day. The children in Years 1-3 will run the event during their normal daily fitness times and Years 4-6 will run the event during the normal sport sessions on Friday afternoon. Pre-Primary children will run the event at a time convenient to them. Three Year Old Kindy and Kindy children will have a collection box for donations in their classroom. Children can run, jog, walk, skip etc around the track. Each child will receive a card to record the number of 'laps'.

In preparation for this event, each student will receive a sponsor sheet. Please collect as many sponsors and/or donations as possible. Children can be sponsored per lap – or for a general donation. We hope that you are passionate and continue to support this worthy event. You can start collecting today!!!

We ask that parents be aware of who and where their children are going to collect sponsors and donations. Relatives and friends are the safest people to ask.

Yours sincerely

Paul Hille
School Principal
