GREAT FUN

Hello and welcome to the first Camp Australia news for term 2,

It has been fantastic to see everyone again after the school holidays and hear about everything that the children were up to over the holidays.

This term the program will be starting to focus on indoor activities as the colder months are moving in and the amount of time we can spend outside will start to be limited by this, to this end we will be introducing several new craft experiences such as wood work, material work, beading and ironing beads to see where our creativity can take us.

We will also be setting up a cooking program that will run throughout the term in accordance with the Camp Australia healthy eating guide lines that will allow the children to select and participate in the preparation of these snacks and treats, if you have a recipe or suggestion please feel free to share your ideas with us.

We would love to get your input into not only this aspect of our program but any feedback or suggestions that you have are greatly appreciated.

We are looking forward to another fantastic term at after school care and see where our learning journey will take us this term!
