

# VICTORIAN CLADDING TASKFORCE

## MENTONE GIRL'S SECONDARY SCHOOL

Dear Parents and Carers,

The Victorian Cladding Taskforce was established last year to investigate the extent of external wall cladding on buildings statewide that did not comply with fire safety regulations.

The taskforce recommended the State Government undertake a comprehensive inspection of its buildings – including those at government schools.

Our school had buildings that were in scope for the visual inspection stage, that is, buildings with two storeys or more.

The Department of Education and Training has undertaken the visual inspection, and we have been advised that there is no further remedial action required at our school.
