

ENRICHMENT CLUB

(*Due to HSC exams in LC2, please meet in Learning Enrichment Room, upstairs in Junior School)

Open to interested students in Years 7 to 10 - come on a casual or regular basis!

Enrichment Club is on each Thursday at lunchtime in LC2*. Its aims are to promote opportunities for interested students who want to extend their thinking skills, enjoy learning and research challenges, and would like to provide opportunities to mix with other boys who share these interests, in an informal and fun environment.

The Club will provide opportunities for students to work both independently and in teams on various enrichment activities, competitions including Da Vinci, and challenges that draw on a wide range of subject areas, and which will require students to make use of a wide range of skills and interests. Activities will include a mix of free choice and structured tasks, vocabulary games, word puzzles and speech-making, optional competition entry opportunities – some requiring pre-selection and trialling, as well as self-generated research questions and topics of interest.

There is no cost for joining or attending at Enrichment Club, except for any competition entries which selected students may choose to participate in, and students will be well advised about these and parent permission notes sent home before time, whenever these opportunities arise.

If interested, please meet Ms Raheb-Mol each Thursday lunchtime in LC2. See you there boys!

For further queries about Enrichment Club, please contact Ms Raheb-Mol at the College, or via email on JRahebMol@stpiusx.nsw.edu.au
