## **School Based Hospitality at Box Hill Institute**

Due to the overwhelming success of the first School based Hospitality Program in January, we are now commencing ***a second intake in April 2018.***

An Information/enrolment session will be held at Fountains Restaurant BHI on Thursday **April 12 2018 from 5:30pm – 7:30pm.**

The School Based Hospitality Program is scheduled to start the second intake on Wednesday 18<sup>th</sup> April 2018 depending on student numbers this will be confirmed on the 12<sup>th</sup> of April 2018.

Box Hill Institute School Based Hospitality program is aimed at Years 10, 11 and 12 students. This is a fantastic opportunity for young people to have a job and achieve a Certificate III in Hospitality while still at school.

The program is managed and guided by experienced, well trained teachers and staff. Students will be supported in the workplace. Over the course of the year, they will learn practical skills in food and beverage service, basic cookery skills and essential workplace hygiene procedures.

The program involves one afternoon in class and one evening working either front of house or back of house in Box Hill Institute's Fountains Restaurant.

This is a great program for students who enjoy working with other people, food, coffee and drinks, and will prepare them for a career in the hospitality industry, including hotels, resorts, function centres, pubs, clubs, and cafes

If you are interested in participating in the School Based Hospitality program or would like to learn more, you can call 9286 9277 or email your resume to [culinaryarts@boxhill.edu.au](mailto:culinaryarts@boxhill.edu.au).

To confirm with the school based apprenticeship, students will be required to attend Box Hill Institute Elgar Road Campus two times per week:

- One *unpaid* training day per week - Wednesday from 1:30pm to 6:30pm
- One *paid* 7 hour shift per week at Fountains restaurant or Fountains kitchen whereby students will be rostered on (throughout scheduled holidays further shifts can be rostered)
- Assessments to be completed at BHI

## **What is Land Surveying?**

*Interested in Geography, Maths, Science, IT and/or the outdoors? Looking for a job that won't tie you to a desk? Surveying is the measurement and mapping of our surrounding environment using mathematics and specialised technology. Land surveyors are involved with a diverse variety of projects from land subdivision to tunnel building and major construction. Importantly though, **there is much more to surveying than taking measurements outdoors and then analysing them back in the office.** Surveyors are often the first people on site during any construction process; they are the guardians of property law, and the creators of land titles. They are also the ones who can sign off on the position of new title boundaries. In all, surveyors are an integral part of the process in a wide variety of scenarios.*
