➤ **AUTOMOTIVE APPRENTICESHIP OPPORTUNITY**

We are a local family owned Mechanical / Auto Electrical workshop, Denmor Automotive. We are situated at Lane Cove North and our web site is www.denmor.com.au

We are very keen to provide an apprenticeship opportunity for a young enthusiastic student who is keen to pursue an automotive career.

Our business is ideally situated to take advantage of the growing local community. We are looking to continue to grow and expand our services but to do that we need to continue to develop and train automotive technicians.

We are ideally positioned to be able to offer a full suite of experience to an up and coming apprentice. This is because our owner, Russell Dunn is uniquely qualified as both a Motor Mechanic and an Auto Electrician. In addition he is licensed by the Australian Refrigeration Council to do air conditioning repair and service work. This means that our business does almost any type of service and repair work on any make and model of motor vehicle.

Denmor Automotive is a fantastic place to train because we do mechanical, auto-electrical and air conditioning work on most makes and models and cars. Therefore an apprenticeship with us will enable students to learn and work on a very wide range of vehicles and skills rather than only working on the same make of car at a more specialised workshop.

We have a young dedicated team in a diverse & busy workshop offering an exceptional working environment and ongoing training, development and career opportunities.

We are offering the right candidate an exceptional opportunity to gain work experience in the automotive industry which might lead to the offer of a Light Vehicle Automotive Apprenticeship.

We expect a potential candidate to have

- A passion to learn and develop your skills
- A valid Australian driver's license (or very close to having)
- The ability to follow direction
- Initiative

Initially your salary as an apprentice will be based on the award. Please contact Russell Dunn at info@denmor.com.au or call Russell on 94282242 during business hours.

Denmor Automotive Services, 694 Mowbray Rd West, Lane Cove, NSW, Australia 2066
(ph) 9428 2242 or (fax) 9427 4761

➤ **SOCIAL MEDIA AND JOBS**

This article from Deakin's blog gives some insight into how much recruiters take your social media presence into consideration.

Check it out – <http://this.deakin.edu.au/career/does-censoring-yourself-on-social-media-help-your-job-chances>

➤ C.A.S HAWKER SCHOLARSHIP

The C.A.S. Hawker Scholarship is one of the most generous privately funded scholarships available to undergraduate and post-graduate students in Australia. Each residential scholarship is valued at up to \$50,000 over 3 years.

The scholarships have been awarded almost equally to male and female applicants. Scholarship holders have come from every sector of Australian society and graduated from government, catholic and private schools.

Applications open on **Monday 4 December 2017** and will close on **Friday 5 January 2018**

Find out more and apply - <http://www.hawkersscholarship.org/>

➤ TSFX HSC SUMMER HEAD START LECTURES

Get a huge head start to the HSC by working through Year 11 & 12 course materials in advance of school, in a simple, time-effective, step-by-step manner. Free A+ notes & bonus lectures included.

Lectures are held throughout the holidays at the University of Sydney

Year 11 info - <http://www.tsfx.com.au/?hsc-program=year-11-summer-school>

Year 12 info - <http://www.tsfx.com.au/?hsc-program=summer-school>

➤ FIND OUT WHICH OCCUPATIONS HAVE SKILLS SHORTAGES

Choosing a job in an industry where they need more workers is usually a smart decision. Right now, most professions are adequately supplied with large numbers of qualified candidates competing for vacancies. There are shortages for architects, surveyors, sonographers, audiologists and veterinarians, and many trades need more qualified people.

Find out where more people are needed here -

<https://www.employment.gov.au/occupational-skill-shortages-information>

➤ INTERESTED IN THE ICE AGE? SEE MAMMOTHS AT THE AUSTRALIAN MUSEUM

Discover fossils, life-size replicas and meet a 42,000-year-old real preserved baby mammoth, Lyuba. Investigate current theories about their DNA and extinction and unravel the biological and palaeontological mysteries of these awe-inspiring land mammals.
