

Year 6 Graduation 2015

Dear Parents,

Year 6 Teachers and the School Leadership team have developed the format for the Year 6 Graduation as a child-centred celebration of the students' Primary School Education. The Graduation will see students taking ownership of the decoration of the stage, display of their 'Memories Books' and entertainment of their families during the evening. Student group performances will showcase their achievements and interests as well as their sense of belonging with their peers.

As there will be alcohol in the library for parents/grandparents, children under the age of 18 will be required to play outside. This will not be supervised by staff.

There will be no additional cost to parents for this event.
