

VICTIM'S REGISTER UNIT (DCS)

Free Information Session

The DCS Victim Services Unit provides updated information to victims of crime about offenders movement through the criminal justice system including bail, remand in custody, Home Detention, imprisonment and eventual release back to the community. VSU staff understand the often complex and unique needs of domestic violence victims and offer a range of services include information provision, assistance with safety measures, advocacy, support and referral.

Please attend this FREE information session if you would like to learn more about:

- The role of the Victims Services Unit when working with women and children experiencing violence and abuse
- How to utilise the VSU to report and inform parole conditions
- How to ensure women and children's experiences are more visible
- How to inform Community Corrections interventions with their clients
- How to assist accountability processes for men who chose to use violence and abuse in their relationships
