

Important dates for Year 10 Students and Families

Short term, plenty to happening!

Exams! Study = success.

The Year 10 exam period is excellent practice for VCE exams and it may impact on your child's course confirmation as it gives teachers and coordinators key information about performance in a subject. Please encourage your child to study for their exams and work with their teachers to ensure success.

A world of work!

Work experience is happening in from November 21 and it is a great opportunity for students to be exposed to possible future careers. Students will be visited or contacted by staff to ensure that they are doing well and we look forward to hearing the success stories from the week.

Lock it in!

It would be great if you could partner with us by attending the course confirmation day to see what course you child has for next year.

Once students have their course, they will be required at school for 2 days of orientation for both VCE and VCAL.

What an end to the year!

The senior Vocal Band concert and the Senior Art Show will be great events and you should put them in your phone, there are also a few public holidays and curriculum days to diarise.

Please look carefully at the dates below and consider putting this document on the fridge so that you don't miss any of the great things happening at Northcote High School.

Date	Event
31 October	Pre-Cup Day Holiday – No Students
