Chef of The Day

When I was chef of the day I was kind of scared
because it was my first time being chef of the Day.

It wasn't too bad I kind of enjoyed it.

It was a good experience for me.

But what I enjoyed about it most was trying something

I've never tried before and what I didn't enjoy
was telling people what to do because I don't like
telling people what to do.

What I found challenging was telling one person
something to do then telling the other what to
do then the other and it just keeps going and
going.

But I think it was a good experience.
