

SOUTH WEST MAKER FEST 18

**This exciting experience is
back again for another year.**

After a hugely successful Maker Fest in 2017,
we're back with another huge exploratorium
of inventive action that aims to give young
people the tools and inspiration to create.

**It's a place for
INVENTORS, TINKERERS,
BUILDERS, CRAFTERS
& WANNABE-SCIENTISTS**

It is a makers showcase with the intention of
encouraging others to dabble in inventing
something themselves.

The program this year will include:

- Workshops by inventors and makers
- Demonstrations of cutting edge technologies, and
- Hands-on activities for kids and adults

We welcome every member of the
community interested in Science, Technology,
Engineering, Arts and Mathematics (STEAM)
and Maker Education.
